8th September 1964.

Dr. E. Grandjean,  
Institute fur Hygiene und Arbeitsphysiologie der  
Eidgenoessischen Technischen Hochschule,  
Zurich,  
Switzerland.

Dear Professor Grandjean,

Our Chairman, Dr. H. P. Ruffell-Smith, presented your letter of the 29th July 1964 to my Council at our Meeting on the 4th September. You will appreciate that, as a Society, our particular organisation is not in a position to comment extensively on the proposed articles of the International Ergonomics Association of which you have issued copies to members of that Association.

My Council feels strongly, however, that the Ergonomics Research Society would not wish to be affiliated to the International Ergonomics Association under Article 4 (c) in present circumstances.

With kindest regards,

Yours sincerely,

A. H. Jones,  
Hon. General Secretary.
