Dear Asmussen,

Thank you for your letter of 9th April, 1970.

I should very much appreciate if you would take care of this short meeting of the Corresponding members on July 7h, at 6 p.m. All you have to do is to elect two delegates of the Corresponding members to the General Assembly. You do not need to be elected yourself as a delegate.

Would you please remind the Nordic Ergonomic Society that if they want to join the International Ergonomics Association as a Federated Members, they should send me now:

- 1 The official application (by letter) for membership.
- 2 The names and addresses of the President, the Secretary and the Treasurer of the Society.
- 3 The number of active members of the Society.
- 4 10 copies of the Statutes of the Society.

With kind regards,

Yours sincerely,

E. Grandjean
