The Hague, 27 September 1971.

To the I.E.A. Council Members

Dear Friends,

Here enclosed are the minutes of our last Council meeting, held at Brussels on 31st of July.

On Friday the 24th of September we had a meeting of the Central Organising Committee and the Programme Committee for the Fifth International Congress of the I.E.A., 1973.

The initiative to convene the Program Designing Committee on Friday the 22nd of October was welcomed.

It is hoped that Messrs. Metz, Rutenfranz and Sell will be able to travel on Friday morning. They will be met at Schiphol Airport, if desirable.

The meeting is scheduled for 14.00 hours at the RAI-Congress Centre, Europaplein 12, Amsterdam.

Most of the work may be done on Friday afternoon and in the evening, a couple of hours being left on Saturday morning for topics that have not been covered completely on the previous day.

Hotel accommodation for the night Friday 22/Saturday 23 will be reserved.

With best wishes,

Yours faithfully,

Dr. F.H. Bonjer.
