Dr. F.H. Bonjer,
Leyweg 291
Den Haag,
NETHERLANDS.

Dear Bonjer,

I am writing on behalf of the Ergonomics Society of Australia & New Zealand to say that we hope that Mr. W. Doble of the Department of Engineering in this University will be attending the Amsterdam conference, and suggest that he be regarded as our Society's official delegate. He is at the present moment on study leave at the Mechanical Engineering Department, University of Technology, Loughborough.

I had been hoping until comparatively recently to come myself but that is clearly impossible. May I take the opportunity of sending very best wishes to the Conference.

Yours sincerely,

A.T. Welford
