

Advisory Group on Standardisation

- Act as the CATEGORY-A Liaison of TC 159
- Inform the current interests of ISO TCs relevant to HFE to IEA member and HFE experts
- Identify and propose new issues relevant to HFE to ISO PCs
- Promote the effectivity of standardization to IEA member and HFE experts

Then, ~~for each project, complete the following 3 slides~~

EC meeting: March 2025

Presenter: *Masaaki Mochimaru (JES)*

**P²Design
Toolkit**

1

*** Advisory Group on Standardisation ***

Value-add

- Communicate with ISO stakeholders, representatives from IEA member societies, HFE experts in the relevant IEA Technical Committees
- Propose and draft NWIPs as identified by the IEA
- Comment on drafts of ISO documents related to HFE as an IEA representative

[what is the goal?]

- Social implementation of the science and practice of HFE through ISO activities

Alignment with IEA Goals

- To develop more effective communication with and collaboration between federated societies (i.e. ISO experts and HFE experts of IEA member societies)
- To advance the science and practice of HFE at an international level.
- To enhance the contribution of the HFE discipline to global society

Stakeholder Needs to be met

- Representatives from ISO TCs, SCs and WGs (mainly, but not limited to TC159)
- Representatives from IEA member societies

Project outline including status

- Communication with ISO and IEA [In Progress]
- Proposal of NWIPs [To Come]
- Comments on drafts [To Come]

2

What stakeholders are involved in project & how?

Group	Group's role within Project + category*	Group benefit	Individual	Individual's role within project	Individual benefit
Ex. Group A	Ex. Project oversight (I)	Ex. Knowledge for reporting	Person1 Person2	Initiator (A) Supporter (E)	CV Next generation
Expert	<ul style="list-style-type: none"> Communicate with ISO TC 159 stakeholders and IEA member societies. 	<ul style="list-style-type: none"> Obtaining new experts to TC 159 	<ul style="list-style-type: none"> Masaaki Mochimaru (SC1, SC3) Shin Fukuzumi (SC4) TBD (SC5) Nana Ito (WG2, WG3) 	Communicate with ISO TC 159 stakeholders and IEA member societies.	
Expert	<ul style="list-style-type: none"> Comment on drafts in their SC/WG as an IEA representative 	<ul style="list-style-type: none"> Contribution to improve the drafts based on the science and practice of IEA 	<ul style="list-style-type: none"> Masaaki Mochimaru (SC1, SC3) Shin Fukuzumi (SC4) TBD (SC5) Nana Ito (WG2, WG3) 	Comment on drafts in their SC/WG as an IEA representative	
Expert	<ul style="list-style-type: none"> Promote other TCs activities relevant to HFE to IEA member societies. 	<ul style="list-style-type: none"> Obtaining new experts to contribute other TCs 	<ul style="list-style-type: none"> Masaaki Mochimaru (TC 324, TC 312., services) Hiroshi Sato (TC 314, well-being) TBD (TC 199, TC 283) 	Promote their TCs activities relevant to HFE to IEA member societies.	
Actor	<ul style="list-style-type: none"> Promote the effectivity of standardization to IEA member and HFE experts 	<ul style="list-style-type: none"> Understanding of benefits on standardization to IEA member societies 	Masaaki Mochimaru and other experts (TBD)	Promote the effectivity of standardization to IEA member and HFE experts	

*Categories are indicated by letters: Actor/ Expert/ Decider/ Influencer
