Webinar Series
Emerging Researchers and Practitioners in Human Factors in Healthcare

Date and Time: Friday 1st December 5:00 am UTC (16:00 AEDST)

Duration: 1.5 hours

The goal of this webinar series is to showcase excellent projects in Human Factors in Healthcare done by Early Career Researchers and Practitioners (ECR/Ps) across the IEA network. ECR/Ps are PhD students and those who are within 0 to 5 years post-PhD (including career interruptions) or practitioners who have been working in Human Factors in healthcare for less than 5 years. The best presenter of the 2023-2024 webinar series will win the inaugural Richard Cook prize.

Webinar Chair: Dr Adeola Bamgboje-Ayodele
Digital Health Human Factors Research Group, Biomedical Informatics and Digital Health, Faculty of Medicine and Health, University of Sydney, Australia

Presenters

	Title A human factors approach to optimising laparoscopic skills training **Presenter details** Dr Kirsty McLeod Clinical Skills Development Service, Royal Brisbane and Women's Hospital, Queensland, Australia
	Title Built environment for resilient performance in health services **Presenter details** Natália Ransolin Macquarie University, Sydney, Australia

Title
Quantifying landmark annotation accuracy on radiographs using a probabilistic approach: measuring pelvic tilt as an example

Presenter details
Yuan Chai
University of Sydney,
Sydney, Australia
