

International Ergonomics Association

The Technical Committee on MusculoSkeletal Disorders is offering a webinar titled:

«Without ergonomics, no effective work-directed care for patients with musculoskeletal disorders»

Date and Time: Thursday the 9th of February at 16.00 UTC time.

<https://www.timeanddate.com/worldclock/meeting.html>

Duration: 60 minutes, including time for discussion.

The goal of this on-line webinar is to raise awareness of the importance of ergonomics to ensure work participation among workers who are being treated medically (operatively and non-operatively) for their musculoskeletal disorders. Special attention is paid to workers with end-stage osteoarthritis of the knee who receive surgery for a knee prosthesis so-called knee arthroplasty.

Presenter:

Dr. Paul Kuijer

Principal Investigator, Amsterdam UMC, Department of Public and Occupational Health, Amsterdam, The Netherlands.

Webinar Chair:

Steven Fischer, PhD, CCPE, RKin | Associate Professor, Department of Kinesiology & Health Sciences, University of Waterloo | steven.fischer@uwaterloo.ca

Dr. Erwin Speklé, Eur.Erg. | Sr. ergonomist, Arbo Unie OHS / visiting sr. researcher, Dept. of POH, Amsterdam, The Netherlands | erwin.spekle@arbounie.nl

Zoom link for registration. Registration is free to all interested people. The webinar will be recorded and published on YouTube. Registration permits live interaction with the presenters via Q&A.
