<p>Is the title Ergonomist, HFE specialist, or similar protected by law in your country?</p>	<p>While it has academic recognition, ergonomics is not yet officially recognized as an independent profession. However, it is often practiced within other disciplines, such as industrial design or physiotherapy.</p> <p>To promote its professional recognition, collaborative meetings are currently being held with the Ministry of Health and the Ministry of Labour to facilitate its inclusion in a formal resolution.</p> <p>In addition, a research project is underway to define the specific competencies of ergonomists. The ultimate goal is to establish the field as an official occupation within Colombia's National Occupation Observatory.</p>			
<p>Briefly describe important activities of your Society / Network since last annual report</p>	<p>Abstract</p> <p>Visibility line</p>			

**Strategy 1. You don't know who I am?
... But I'll tell you.**

**2024: The second season was
completed. 5 sessions**

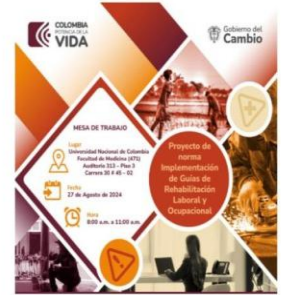

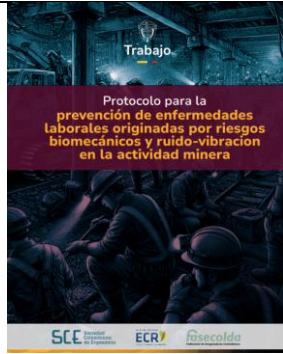

**Strategy 2. From the SCE to university
2024: 4 sessions**

Support and coordination with other stakeholders 2024-2025

- Technical document on the mining sector: Participation in the technical construction of the document, in collaboration with the Ministry of Labour.
- Legislative and Regulatory Project Participation
 - ✓ Draft resolution on the chair law. The SCE provided comments and contributions to the draft.
 - ✓ Draft resolution for the updating of rehabilitation and return to work: participated in the comments and contributions to this draft.
- Ergonomics licensing processes: Held meetings with the Ministry of Labour regarding the granting of occupational health and safety licences.

SANDRA LILIANA JOAQUÍN GALINDO
Presidente Nacional Sociedad Colombiana de Ergonomía - SCE
Correo: Liliana.joaqui@gmail.com

ASUNTO: Respuesta Traslado Radicado N°20254202580602 - Consulta de Avances de Mesas Técnicas.

Respetada doctora,

En atención a la solicitud, recibida por la Dirección de Riesgos Laborales del Ministerio del Trabajo, donde solicita:

"Información sobre los avances de las discusiones llevadas a cabo entre las instituciones de Ministerio de protección social y salud y Ministerio del Trabajo frente a establecer una postura técnica respecto al alcance de la formación de postgrado en Ergonomía en el Sistema de Seguridad y Salud en el Trabajo".

Training line

Workshops -2024

- Usability workshop
- Optimising cognition at work
- Ergonomics and anthropometry applied in various contexts
- Agile methods and biomechanical assessment
- Workstation assessment. Using artificial intelligence

Academic and Financial Support for Academic Events (2024)

Support for the Second Ergonomics Conference held by UniValle Committee for the 30th Occupational Health Week

Support for RACE- Red Académica Colombiana de Ergonomía (2024)

Master's research project - Ergonomist competencies with support from the Universidad del Bosque (2024- currently)

Administrative line

- Website updates
- Attendance at ULAERGO meetings
- Administrative and management activities of the SCE

	 <p>Taken from the SCE-Nal 2024 management report presented to the National Assembly in March 2024.</p>
<p>What significant Society activities are planned for the coming year.</p>	<p>The celebration of the 30th anniversary of the SCE.</p> <p>It will consist of three main activities: an academic event, a social event, and the publication of members' research papers in an academic book.</p>
<p>Briefly describe any significant challenges your Society / Network faced since last annual report.</p>	<p>A resolution by the Ministry of Health has led to the denial of OSH licenses for ergonomists, which is a significant obstacle to the practice of this discipline in the workplace. As a result, it has become more complicated for ergonomists to carry out their work within companies. To address the issue, the SCE has initiated collaborative discussions with the Ministry of Labour and the Ministry of Health to find a solution.</p> <p>The proposed change of the SCE's name to the Colombian Society of Ergonomics and Human Factors has sparked significant debate, partly due to its corporate governance characteristics. To assess the feasibility of this change, the organization is currently seeking legal counsel.</p>
<p>Other information of particular interest to IEA and its Members</p>	<p>None</p>

<p>Name your IEA Member Society members that died who you wish to have recognized during the Council meeting. For each name, please include a sentence describing their significance to Human Factors and Ergonomics:</p>	<p>María Emma Angulo Ruiz (Q.E.P.D.) His dedication and passion for ergonomics continue to inspire us.</p> <p>María Lucía Pineda Robayo (Q.E.P.D.) We remember with gratitude his vision and legacy, whose work laid the foundations for the SCE.</p>
<p>Any other comments:</p>	<p>None</p>
