<p>What significant Society activities are planned for the coming year.</p>	<p>The elections of the new board of directors in April 2026.</p>
<p>Briefly describe any significant challenges your Society / Network faced since last annual report.</p>	<p>The biggest challenge has been the political changes in the last three years. We have had meetings with representatives of the Ministry of Labor with up to 5 different people, starting from scratch. The good thing is that we have signed a cooperation agreement between SOPERGO and the Ministry, inviting us to conferences and to be their technical advisor on ergonomics issues.</p>
